

MADISON REPUBLICANS TO MEET MAY 10

To Name State Convention Delegates—Moore, Wallace and Rice "Mentioned."

Republicans of Madison county will be called to meet in county mass convention here on May 10th at which time 30 delegates and alternates will be chosen to the state platform convention of that party which will be held in Lexington May 14. Hon W. O. Mays, chairman of the Madison County Republican Committee, will soon issue a call for the county mass convention at Lexington will formulate a platform upon which that party will go before the voters in the state races in November. There will be practically no contests for nominations by the republicans. Hon. Edwin P. Morrow, of Somerset, is already assured of his party's nomination for governor and the candidates for the other places on the ticket are being "hand-picked" by the leaders, it is claimed, in order to select a ticket that may have a chance of winning.

The Pantagraph said the other day that friends are urging Hon. G. B. Moores to make the race this year for the republican nomination for representative in the legislature from Madison county, and it is expected he will yield to the solicitation of his friends and shortly announce his candidacy. Mr. Moores represented this county for one term but was defeated for re-election by Judge Rice, who is also expected to be a candidate for renomination and re-election on the democratic ticket.

In discussing the matter a few days ago, the political correspondent of the Cincinnati Enquirer mentioned Lieut. William Wallace, son of Hon. C. C. Wallace, prominent local republican leader and attorney, as a prospective candidate for the republican nomination this year. As Lieut. Wallace is still in Europe with the American forces, his friends seem inclined to think that he will not get into politics this year, anyway. He is now attending the University of Lyons, in France, a number of young Americans having been given opportunity by the government to take some of the higher work in several of France's world-renowned educational institutions, while the army is still kept on the other side. What the Enquirer said of Lieut. Wallace will be read with interest by his friends, however. It reads as follows:

A boom has been started by Republicans for Lieut. William L. Wallace, who is in France, for the republican nomination for Representative. Young Wallace is a son of Attorney C. C. Wallace and very popular. It is expected that he will return to his home in time for his name to get on the August primary ballot.

The Lexington Herald had the following about Madison's popular Representative in the last house, which will also be read with interest by his many friends. It said:

Judge Henry Clay Rice, of Madison county, will probably make the race for renomination and re-election as representative in the general assembly from that county. Judge Rice was one of the democratic leaders at the 1918 session and made quite a reputation as a speaker for measures in which he was interested as well as a presiding officer, as he sometimes wielded the gavel when Speaker Robert T. Crowe was not present or when that gentleman vacated the chair temporarily. If Judge Rice decides to ask for renomination, it is not likely that he will have any opposition.

HUNS TO BE MADE TO SIGN TREATY

Text of Document To Be Given Out Late Next Week—Italian Question Now Up

Paris, April 19—Havas — The text of the preliminary peace treaty will be published Friday or Saturday of next week, the Petit Parisian says.

The Echo de Paris declares that in case Germany refuses to sign the preliminary peace, a special train will immediately be put at the disposal of the enemy delegates for their return to Germany and the Allies will take military and naval measures to enforce the treaty.

Hun Delegates To Be Treated As Enemies Until They Sign

Paris, April 19—The German delegates to Peace Conference are coming to France by way of Spa, Belgium in their own conveyances, says the Petit Journal today. At Spa they will be placed on a special train provided by France and will journey under a military guard to Versailles where a military delegation will receive them and conduct them to their lodgings.

The German representatives, the newspaper adds, will be treated courteously but will be regarded as enemies as long as the peace treaty remains unsigned. They will not be allowed to go about as they please, nor will newspaper men be permitted to interview them on pain of being charged with communicating with the enemy.

Italy's Claims Presented By Extremist Statesman

Paris, April 19—Italy's territorial claim, especially in the Adriatic were presented to the Council of Four today by Baron Sonnino, Italian foreign minister. It is regarded as significant that he and not Premier Orlando presented the Italian case, because Sonnino is an extremist advocate of Italy's utmost claims. He signed the treaty of London and now holds Lloyd-George and Clemenceau to its pledges.

More Bavarian Fighting

Berlin, April 19—A Munich dispatch says that serious fighting between Bavarian communist and government troops occurred Friday near Freising, resulting in fairly considerable losses on both sides.

TARVIA PURCHASED FOR 12 MILES

Tate's Creek Included In Roads To Be Treated, Beginning May 15th.

At a called meeting of the Madison Fiscal Court, Friday, an order was entered directing the County Judge, County Road Engineer, and the County Attorney to purchase 50,000 gallons of tarvia which will be used as surface treatment for the 12 miles of turnpikes which was designated at the last meeting of that body.

By the terms of the contract, the Barrett Company will commence about the 15th of May applying the tarvia. A White motor-driven pressure distributor will be used to apply two coats of material which will be followed by the application of sand or screenings and in order to get the best results it will be necessary that travel be stopped as much as possible and Road Engineer J. G. Baxter will give notice through the Daily Register a few days in advance of the time of treatment and request that the public co-operate in the work by using another road for a day or two in order to get the best results from this work.

This material is to be furnished by the Barrett Company at 16 cents per gallon, or \$8,000, for the quantity purchased and the added cost of the sand or screenings together with the labor will make about \$900 per mile, and if it appears that good results are to be obtained, it is probable that more tarvia will be purchased and applied to the other turnpikes while the equipment is here.

Tate's Creek Included.

An order was entered designating the Tate's Creek pike as one of the roads to be treated with Tarvia, it having apparently been overlooked at the previous meeting of the court.

The County Engineer was authorized to procure a stone quarry from Liberty Cox by agreement, if possible, to repair the Kirksville and Kentucky river pike from Kirksville to the Lancaster pike, and it was directed in the event he was unable to make satisfactory agreement to procure rock in this quarry, to institute condemnation proceedings against Mr. Cox to secure stone for this section of the road.

All members of the Fiscal court were present except Dr. D. J. Williams, who is in Chicago, for a few days, and Squire Isaacs, of Berea.

Moved by threats of Senate leaders and rumblings in the House, the Ohio House of Representatives passed the Stark bill last night eliminating the teaching of German in all schools in Ohio under the eighth grade.

CAPT. TORRENCE HERE MONDAY NIGHT

A stellar attraction has been secured by Publicity Chairman E. W. Glass, of the Victory Loan, for Monday night Captain Jos. E. Torrence, who will address the citizens of this community in the interest of the "V" Loan.

Capt. Torrence comes to this city very highly recommended, as a public speaker and every one should make an effort to turn out to hear his remarks in behalf of this cause. He is just back from the battlefields of Europe, where he saw more active service, perhaps, than anyone from this section. He went through the siege of Verdun, Cateau Thierry, the Muse, and the Argonne Forest, and for his valiant service during these terrific engagements he was decorated with the Croix de Guerre, cited for conspicuous bravery and recommended for the Distinguished Service Cross.

The speaking will begin at 7:30 promptly Monday night at the court house and a large crowd is expected to hear Capt. Torrence.

POLISHED PEBBLES PLEASES AUDIENCE

A large audience heard the best performance of the season which was in the chapel rooms of the State Normal School last evening under the title of "Polished Pebbles." This delightful operetta was given by the Normal and Model School Glee Clubs under the personal direction of Prof. S. S. Myers, assisted by Miss Brown E. Telford, accompanist, and the entire cast displayed unusual talent in presenting the delightful little play.

Miss Laura Blanton, as Rosalie, and Misses Stroker and Harlow as Millicent and Winifred, were exceptionally clever with their parts while Lloyd Moore, Mary Wilder, Zerelda Baxter and Ralph Tyree were the recipients of a great deal of applause from the enthusiastic audience. Julia Enright, as Martha, the country girl, and Leslie Evans, Jr., as Nick, the country boy, acted their roles to perfection, and especial mention is to be given to the Normal School orchestra which rendered a beautiful program during the evening.

Prof. Myers and Miss Telford are the recipients of many congratulations upon their splendid presentation of this delightful operatta.

HARRY RICE WOUNDED

Lieut. Harry D. Rice, son of Mr. Z. T. Rice, of this city, is included in the casualty list released today by the War Department. It does not state just where he received his wounds, but in a letter received by his father, he says he was slightly gassed but has entirely recovered and is now stationed with the 89th division in France. Friends of this popular young officer will be glad to hear that his wound was only slight and that he is able to report with his company.

The Honor Roll for today includes:

Wounded Slightly—Harry D. Rice, Richmond; Private Hal Spencer, Glendale.

Died of Wounds—Dale L. Wilson, Maysville.

CAMPAIGN NEARS \$3,200 GOAL

Reports From County Bring Total Collected For Jewish Relief To \$3,000

The success of the campaign for Jewish Relief is assured. The workers who went to assist the county teams are bringing in good reports. In some cases no assistance was needed by the county teams as they had about completed their work. Chairman Green feels confident that Madison will go over the top with her quota of \$3,200, as the figures are now approaching the \$3,000 mark. Old Madison always does her part.

The campaign for Jewish Relief has the endorsement of the leading people of the county. President Wilson says:

"From statements which I have previously made, you know how sincere my belief is that the American public, irrespective of race or creed, should respond liberally to the call for help from stricken Europe, and I feel confident that the needs of the Jewish people in the war zones will find a ready response from their co-religionists in this country."

The list of contributors grows by the hour. It continues as follows: County Teams

ERNEST M. JONES.

There is a moment when a man's life is relived on earth. It is in that hour when friends gather about his

bier to look upon his face for the last time, and memory draws back the curtains of time and floods the pathway of all his past years with light. Then the whole life is, as it were lived over again in the conservation which turns upon the memory of the departed.

The broad judgment of his fellows in that hour is a fair approximation to the real character of the man.

It was this judgment that impressed me as I mingled with the slowly moving throngs as they turned away from his grave. All gave the same verdict. He had made no noise

in the world. He had achieved no special distinction. His name was never in the spot-light. He had lived a quiet retired life; a life filled with more than the usual amount of suffering and sorrow.

But he had lived a clean, useful, upright, christian life, that won for

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui. I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

him the confidence and esteem of his fellow-men, and nourished and inspired faith in their hearts in that which is good and true.

Is not this the highest achievement and the noblest distinction to which the human soul can aspire? Such lives help to create the public conscience and give stability and strength to the structure of our civilization.

Seldom has a braver fight been made than the unequal struggle maintained by him during the last six years of his life. During that time he hardly knew a well day or an hour wholly free from pain. Patiently and uncomplainingly he fought life's battle as a bread winner for his family, driving by sheer force of will his pain-racked body to its daily task to within a week of his death. It is by such struggles and through such experiences manhood is measured.

In the crucible of pain character is not only refined but revealed. We honor the men who bravely wear the "red badge of courage" on the field of battle. Shall we honor less the men who in civil life, with no applause but the approval of conscience, win their fight in life's battle and are "faithful unto death?"

Of the deeper intimacies of his heart—his affectionate home life, his loyalty and attachment to his friends, I shall not speak. I wish merely to pen this brief tribute to the memory of a soldier—a soldier of the cross, who knew the meaning of that cross, not merely by faith but in experience.

One who lived his life by the faith smiling into his last long sleep.

Here, There, Everywhere

News which may presage a renewal of the famous Baker-Howard feud which raged in the Kentucky mountains for 20 years reached here today. The report comes from Cradlebow, Clay county, that James Baker, son of John Baker, and Steve Ferman, were fired upon from ambush as the two men stepped from the door of Baker's home.

Baker was killed instantly and Ferman fell wounded, and is pronounced to be near death. Ferman gave the authorities the names of the two men he said he recognized as those who fired upon him. Neither has been apprehended.

Mary Anne Kelly, a colored woman, of Paris celebrated her 102nd birthday the other day and incidentally did her household washing and ironing and cooked the meal for her 73-year old son, Richard Kelly. Her age is authentic, she possessing documents to show that she was born near Newton, Scott county, March 3, 1817. Despite her advanced years, "Aunt Mary" is enjoying good health as is her son, who has amassed a \$30,000 estate during his life time.

What Color Of A Tune Do You Like

Perhaps you don't realize there are pink pieces of music, red rags, violet jazz, and blue melodies.

Those who know best about music say so; and undoubtedly we have heard topical songs with a dash of lavender.

Color crops out everywhere. When Goodrich brought forth Black Tread rubber, the color caught; and soon a lot of tires were singing the black song in treads.

Of course it is quality, not color, that makes Goodrich treads outwear others.

The distinctive coloring of Silvertown Cord Tires, and their graceful modeling make them much sought by motorists to dress smart cars.

But Goodrich would make them ugly as an old shoe if ugliness would add another mile to their durability.

"Quality First" rules in Silvertown Cord Tires, and Silvertown quality lasts.

Get Silvertowns for service; beauty goes with it.

Keep The Kidneys Well

Health Is Worth Saving, and Some Richmond People Know How to Save It

Many Richmond people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Richmond citizen's recommendation.

Mrs. W. T. Mansfield, 137 S. Estill avenue, says: "I had backache and was run down and languid. My kidneys were weak. Doan's Kidney Pills relieved the backache and put my kidneys in good condition. Whenever I have any sign of kidney trouble, I have used Doan's Kidney Pills and they never failed to give me good results."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mansfield had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. 4 apr 20

How Diphtheria is Contracted.

One often hears the expression "a child caught a severe cold which developed into diphtheria," when the truth was that the cold simply left the little one particularly susceptible to the wandering diphtheria germ. Your child has a cold when diphtheria is prevalent you should take him off of school and keep him off the street until fully recovered, as there is hundred times more danger of his taking diphtheria when he has a cold. We Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. ap
